## **XTRA** **VOYAGER**

The award-winning Swift Voyager has an enhanced specification for the 2024 season. Already Swift's best-selling motorhome range, the Voyager now has front cab pleated blinds, external BBQ point, external 230v socket, an external cold water shower and new folding travel cup holders as standard. In addition to this our Exclusive 'Xtra' package worth over £1,800 is included in the price, making the Swift Voyager Xtra even better value.

The perfect combination of Ford's drivability and Swift's new smart lounge which turns luxury lounge sofas into approved travel seats when needed, giving you the best of both worlds. Available in five best selling layouts.

**VOYAGER**

# VOYAGER XTRA PACK HIGHLIGHTS

Unique exterior graphics

Upgraded luxury upholstery

Microwave oven

Cab carpets

Built in Wi-Fi

**FordPass**

**Unlock Voyager Xtra's smart side**

For added peace of mind, FordPass provides the ability to remote lock and unlock your vehicle, check its last location, view the health status and more.

## KEY ADDITIONAL HIGHLIGHTS:

### Ford cab

Ford Transit Skeletal chassis with Euro 6D 155bhp, 2.0 litre TDCi EcoBlue engine with 6-speed manual gearbox with an option to upgrade to a 155bhp automatic.

### External amenities

External cold water shower point, external 230v socket and external BBQ point. Plus streamlined, lightweight 100W solar panel and regulator for off-grid adventures.

### Garage

Rear garage with lighting, heating and sockets, with access doors on both sides (except 564).

### Dashboard display

Dashboard including 9" touchscreen display, DAB radio with Apple Carplay™ / Android Auto™, USB and Bluetooth, cab air conditioning, cruise control, reversing camera and more.

### Aguti travelling seats

Fold down Aguti travelling seats that transform into a front parallel lounge. Travelling seats are fitted with ISOfix and cup holders.

### Fully equipped kitchen

Fully equipped kitchen with Thetford oven and grill, three burner gas hob, an electric hotplate and a Dometic (Series 10) 133 litre, dual hinged fridge with freezer compartment.

### Easy access storage

Spring-assisted lounge seats and bed tops for easy storage access (except travelling seats).

### Spacious washroom

Spacious washroom design with a separate shower cubicle and toilet (except 574).

### Power shower

Ecocamel Jetstorm showerhead for a powerful shower that uses less water, plus shower duck board.

### Comfortable sleeping

Exclusive Duvalay Duvalite Alto mattress, which includes a platinum support layer and reflex foam for superior durability, while memory fibre increases airflow for a more comfortable sleep (fixed and drop down beds).

### Truma heating

Dual fuel Truma combi boiler for excellent heating efficiency and meeting Grade 3 year-round comfort.

XTRA

VOYAGER

**Notes:**

- The Maximum User Payload includes:
    - the conventional load (this is the allowance for passengers)
    - essential habitation equipment (items and fluids required for safe and proper functioning of habitation equipment)
    - optional equipment (items available from the manufacturer over and above the standard specification)
    - personal effects (those items not covered by the above)
  - The Mass in Running Order is the mass of the unladen vehicle including a 75kg allowance for the driver plus engine coolants and 90% of the fuel tank capacity and 1 x 6kg Calor Lite LPG cylinder.
  - The MRO is calculated with the fresh water tank empty. If you travel with water in the fresh water tank then the payload will reduce accordingly.
  - Please take care to ensure that you have allowed for the masses of all items you intend to carry in the motorhome, e.g. passengers, optional equipment, essential habitation equipment and personal effects, such as clothing, food, pets, bicycles, sailboards, sports equipment etc.
  - Warning - under no circumstances should the maximum technical permissible laden mass of the motorhome be exceeded.
  - Caution - When fitting a tow bar, it must meet certain minimum requirements as specified by Type Approval Regulations. The bar will have marked on it the approval standard (94/20/EC or 55R ECE) and the maximum download, or nose weight, that it can accept. It must fit the manufacturer's approved mounting points and must not obscure the towing vehicle's number plate.
  - Note - the additional weight of the tow bar and trailer nose weight increases the rear axle loading of the motorhome so care should be taken that the rear axle load is not exceeded when towing.
  - To ensure adequate road holding, the load on the front axle, under all conditions must not be less than 40% or more than 70% of the total weight. Care must be taken when distributing loads. The loadings above are maximum loadings and must not be exceeded under any circumstances.
- # The maximum trailer weight is limited by the gross train weight which must not be exceeded. For example, if the vehicle has an automatic gear box and is at the maximum MTPML of 3500kg, then the maximum trailer weight possible is 750kg. Reducing the weight of the vehicle by removing payload, will allow you to increase the trailer weight up to a maximum of 2000kg.
