

THE NAME VOLKSWAGEN NEEDS LITTLE IN THE WAY OF INTRODUCTION ESPECIALLY IN THE WORLD OF CAMPERVANS. VW IS A CAMPERVAN ICON AND HAS BEEN FOR MANY YEARS. DESIGNED TO GO ANYWHERE AND EVERYWHERE

We are thrilled to offer this exciting and exclusive range from the entry level plus 'Summit® Trail', the all-singing all-dancing 'Summit® Peak' – we have a Summit® VW Campervan for everyone. Why a Summit® VW? Lowdhams have collaborated with a leading, registered VW campervan manufacturer whose very high standards meet ours and means our vehicles are sourced directly from VW.

Is your future Campervan fully approved?

The Summit® VW also comes with extra safety assurances, boasting NCC approval along with full European Community Whole Vehicle Type Approval, the highest approval possible for our industry. Every single one of our Summit® VW campervans come with a certificate of conformity to prove that it is one of the safest campers around.

We are also a Volkswagen registered Transporter T6 bodybuilder and we only use our industries best suppliers for our conversions. The RIB seating system is one of the best in the industry and has been completely crash tested to ECWVTA safety standards. SCA roofs are renowned for their German quality and as this roof replaces the original roof construction it's not something you should compromise over.

DESIGNED TO GO ANYWHERE AND EVERYWHERE.

The Summit® VW Campervan gives you a car like driving experience combined with five-star camping. German supplied pop up roof bed. German supplied crash tested seat system converts very easily into a large double bed.

The new Award Winning VW Transporter 6.1 has a redesigned front, new interior and comes with the latest driver assistance systems. You're spoilt for choice in terms of euro 6 compliant engines. From 90ps to 199ps, manual gearbox or fully automatic and even 4motion all wheel drive.

The VW 6.1 is already equipped with many digital technologies that make driving and camping more comfortable. For example, the high-resolution Digital Cockpit¹ with navigation map or Volkswagen We Connect²: multiple services that turn your smartphone into a remote control for the car. And this is just the beginning.

Cooking is a pleasure with a built in fridge, gas hob and optional Grill or microwave. Diesel heating will keep you cosy if the weather turns and on board water tanks with hot and cold water gives you complete independence wherever you decide to stay.

VW T6 HIGHLIGHTS:

- Electrically adjustable and heated exterior door mirrors
- Air conditioning and sun protection
- Electronically controlled heating system
- Heat-insulating windows in cab

RIB Seat easily turns in to a flat double bed.

THE SUMMIT VW 2021 LINE UP

Summit® Trail

The Summit® Trail is an entry level plus campervan. It comes as standard with the essential and much more, fully approved vehicle at an exciting price – it comes as standard with four travel seats, the main one being a RIB seat bed and it is perfect for relaxing when combined with the integrated table it turns into a comfortable double bed in seconds.

The Trail boasts a SCA elevating roof which is produced in Germany. Second double bed if the optional mattress is ordered. There is the traditional side conversion which features a driver's side kitchen equipped with a sink, a two-ring hob, and a 50-litre low energy fridge and plenty of storage space. Available with a choice of four engines, manual or automatic, or four-wheel drive and a full range of external colours.

Summit® Hi-Trail

Based on the VW transporter T6.1, the Summit® Hi-Trail is our best-selling model. A true classic in the range, the Hi-Trail comes with superb build quality and is fitted out with industry leading components and innovations. Safety is paramount and that is why it is approved by the National Caravan Council along with the European Type Approval to the highest safety standards possible.

The rear RIB seat is the best in the industry and offers unparalleled comfort and ease of use. Comfortably sculptured for relaxing in the day and in the evenings the seats fold smoothly into a completely flat double bed. Now the Hi-Trail comes as standard with the class leading SCA German manufactured elevating roof (or an optional fixed high-top roof). This exciting campervan is offered in a choice of three engines, 110 PS, 150 PS or 199 PS and a choice of manual, automatic or four-wheel drive.

Summit® Peak

For those that do not want to compromise the Summit® Peak is the ultimate VW Campervan conversion. Distinctive two-tone exterior sets it apart from the crowd. The Summit® Peak is also fitted with the all new class leading SCA 290 sleeper-roof.

The front can be fully opened to provide a wide panoramic view whilst below, the class leading RIB seat bed and front seats are covered in hand finished leather as standard. Many unique subtle changes are added to the conversion which elevates the Summit® Peak to new levels of luxury.

The Summit® Peak benefits from front & rear parking sensors, adaptive cruise control, air conditioning, VW factory fitted alarm & immobiliser, a leather multi-function steering wheel and much more.

Summit® All-trail

The Summit® All Trail comes as standard with the VW's 4Motion (all-wheel drive) which gives you great grip on the road, come rain, wind, or snow. No matter how bad the road surface you get a sure-footed Camper with huge levels of traction. Four-wheel drive system constantly monitor driving conditions and reacts to even the slightest slip from the wheels and automatically sends the right amount of power into the wheels with the most grip.

The Summit® All-trail benefits from front & rear parking sensors, adaptive cruise control, air conditioning, VW factory fitted alarm & immobiliser, a leather multi-function steering wheel and much more.

The All-Trail is available in Hi-Trail and Peak specs only. Image above shows optional 20" Alloys with All Seasons Tyres.
